

We are fast approaching the half way mark this Term. The students in 1/2M are continuing to produce high-quality work and they should be commended for their consistent effort all day, every day.

PDHPE: We have been reminded about the importance of Stranger Danger when we read Little Red Riding Hood. We have been learning about building healthy relationships with other people and how to be good friends. On Friday during sport, we have been enjoying a variety of team building activities.

We were very excited to have our SMARTboard installed at the beginning of this Term. Unfortunately there have been some technical issues, but this hasn't stopped us using the SMARTboard as a projector. The manufacturer is aware and hopefully by Week 6 we should be using it as an interactive tool again.

Please see the next page for photos of some of the phenomenal work we have done in class.

Maths: We have been revising all Mathematical concepts and enjoying lots of hands on activities.

Science with Mrs Shaw: We have been learning about the differences between living and non living things.

English/HSIE: We have been exploring the features of fairytales including plot, structure and morals.

This Term, Miss Daley has been teaching us all about Fairytales. We even wrote a fairytale together as a class and performed it as our assembly item. We were ecstatic that many of our parents were able to come along to see our amazing play-writing, acting and dancing skills.

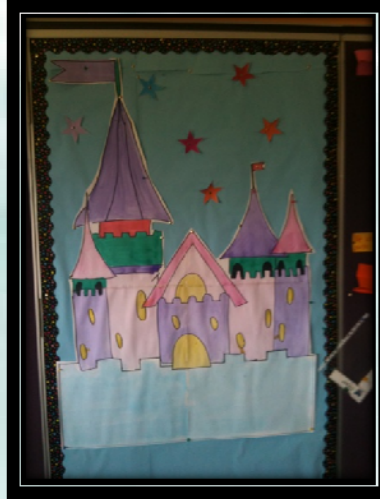

CAPA: We've been singing and dancing with KC. We're also experimenting with a variety of materials to build 3D models of Fairytale characters.

Our crowns and masks designed during Creative Arts (Visual Art) lessons.

Abstract art - Exploring primary and secondary colour.

Fairy tale backdrop painted by Miss. Daley.

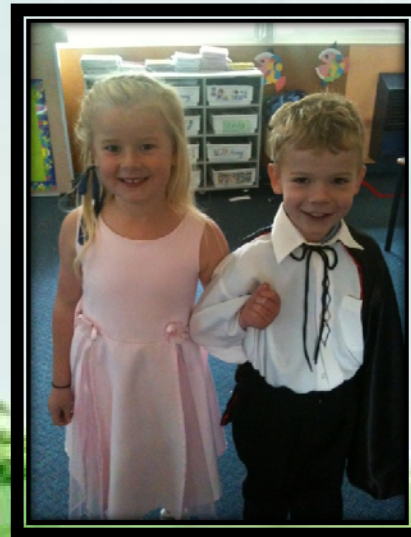

Creating our identities.

The teeth brushing and oral health Program has been highly successful.

12M's princes and princesses. They performed to perfection.

The prince and princess.
