

# 4M

## Term 2 Report

We have had a very busy Term 2 in 4M. We have covered a variety of subjects and the students have worked very hard. Some students have obtained their pen licence and will be able to use pen in their workbooks in Term 3.

Also this term we have been very lucky to have a Practicum Teacher in our class. Miss Shelly has been with us since the start of Week 8 and has taught spelling, reading, CMIT, drama and HSIE. We will all miss her next term.

This term has seen a few changes around Wadalba Community School. A new fence now surrounds the school, keeping us all safe and a new building is going up adjacent to our classroom. The students have enjoyed watching the progress and have shown a great deal of maturity in blocking out construction noise and concentrating on the job at hand.

1 The view from our classroom.

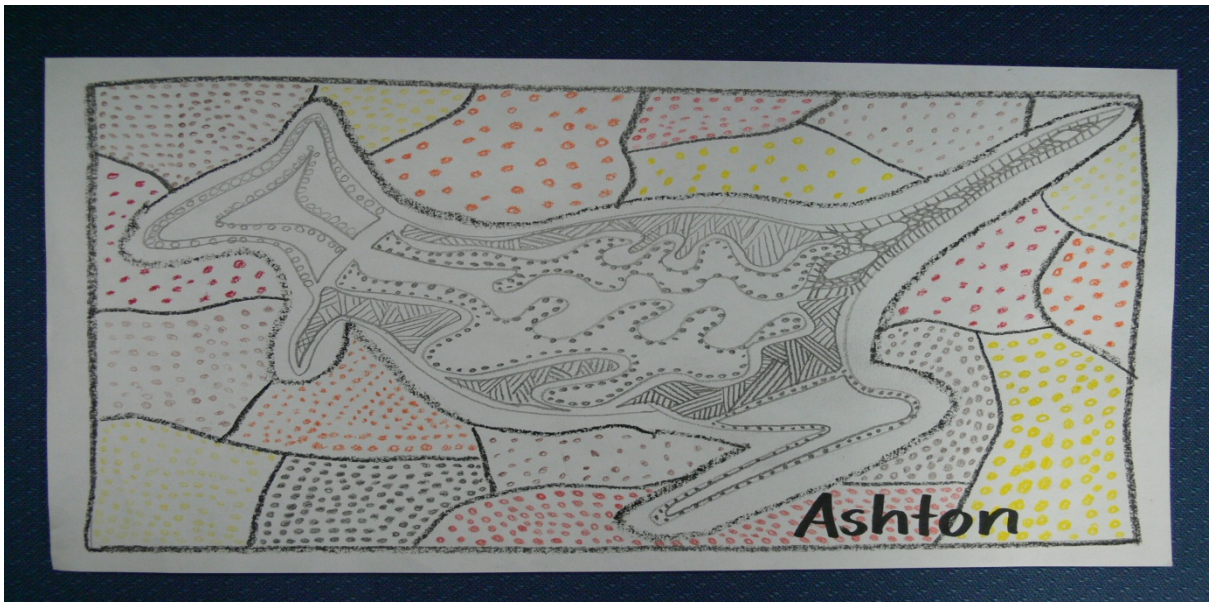

Miss Shelly has been conducting a series of drama lessons in 4M. The students have been encouraged to express themselves and take on characters personas. They have improved their use of expression and have progressed very well over the past few weeks.

2 Drama - Which shoes do you choose?

# ARTWORK

4M have created some very good artworks this term. We have focused on Aboriginal art towards the end of term to recognise NAIDOC week and the reconciliation process.

# Reconciliation

let's see it through

A decade after the historic bridge walks it's fair to say the future for reconciliation has never looked brighter. While there's still a way to go, respect, trust and the knowledge to turn good intentions into effective actions pave the way forward.

On this 10th anniversary of the bridge walks (and of Reconciliation Australia itself), let's embrace our future and aspire to achieve great things together.

**National Reconciliation Week 2010**  
27 MAY - 3 JUNE

# Photography Artwork

These are Fractured Portraits. The students had a lot of fun putting them together and the final product looks great.
