

English

This term 5/6G has been doing a literacy unit on the book *How to Eat Fried Worms* by Thomas Rockwell. We have found the book to be funny, and gross but enjoyable.

Very soon we will be watching the DVD.

From this book we are learning to be our own person and respect our friends.

H.S.I.E

This term we have been researching Antarctica, we have found out so much about it. One very interesting fact is that: The cold and dry conditions in the "Dry Valleys" region of Antarctica are so close to those on Mars that NASA did testing there for the Viking mission. It has not rained in the dry valleys for at least 2 million years.

Here are some poems for you written by students in our class.

Antarctica is a very cold place,
If you visit there, look forward to having a surprised look upon your face,

Penguins waddling here and there;
You can find them almost everywhere!

By Britney

Maths

We have been learning about how to read 12 hr and 24 hour time; We have also learnt how to work out the mean (average) of our class spelling test results, which were an impressive 17.5 out of 20!

Creative Arts

HAKUNA MATATA

Hakuna Matata is Swahili for "No Worries". We have been learning this song from the movie "The Lion King". We will be performing this for our assembly in week 9.

We have been working very hard on a Harmony Day art work using traditional Aboriginal symbols to represent what Harmony Days means to us.

We have also been making 3-D snowflakes for Antarctica as well as a variety of paintings of penguins and icebergs.

5/6G

"We really focus on our school values; Excellence, Respect and Responsibility, in all that we do in our class" - Danny. M

"I am very excited to come to class each day...you never know where Miss Green has moved our desks too!" - Gemma. G
